

Amendments to the Claims:

This listing of claims will replace all prior versions and listings of claims in the application:

Listing of Claims:

1. (currently amended) A virtual DJ comprising:
a ~~recording~~ media ~~selected for broadcast~~ capable of recording information to be played at a ~~predetermined~~ future event;
a ~~selection~~ collection of ~~event-specific~~ client related material fixed on the ~~recording~~ media; and
DJ performance materials ~~complementary~~ complimentarily arranged with, and contemporaneously fixed on the ~~recording~~ media with the ~~event-specific~~ client related material.
2. (currently amended) The virtual DJ of claim 1 wherein the ~~recording~~ media is an audio media.
3. (currently amended) The virtual DJ of claim 1 wherein the ~~recording~~ media is audio and visual.
4. (currently amended) The virtual DJ of claim 1 wherein the ~~recording~~ media has a predetermined life span.
5. (currently amended) The virtual DJ of claim 1 wherein the ~~recording~~ media is a compact disc.
6. (currently amended) The virtual DJ of claim 1 wherein the ~~recording~~ media is a compact disc read only memory.

7. (currently amended) The virtual DJ of claim 3 wherein the ~~recording~~ media includes pictures for display at the ~~predetermined~~ future event.

8. (currently amended) The virtual DJ of claim 3 wherein the ~~recording~~ media includes a slide show for display at the ~~predetermined~~ future event.

9. (currently amended) The virtual DJ of ~~claim 1~~ claim 1 wherein the ~~recording~~ media includes songs from a play list.

10. (currently amended) The virtual DJ of claim 1 wherein the ~~event~~ specific client related material includes guest information.

11. (currently amended) The virtual DJ of claim 1 wherein the ~~recording~~ media includes software to enable a display of visual effects synchronized with audio portions of the DJ performance materials.

12. (currently amended) A method for performing recorded material at a ~~predetermined~~ future event, the method comprising:

gathering ~~event-specific~~ client related material associated with the ~~predetermined~~ future event;

producing a recorded performance by complementarily and contemporaneously arranging a DJ's performance material with the gathered ~~material and event-specific~~ client related material; and

storing the recorded performance on media; and

playing the recorded performance at the ~~predetermined~~ future event.

13. (currently amended) The method of claim 12 wherein the gathering of ~~event-specific~~ client related material is in response to a play list and guest information.

14. (currently amended) The method of claim 13 wherein the guest information includes stories and ~~idiosyncracies~~ idiosyncrasies.

15. (original) The method of claim 12 wherein the complementary arrangement of the recorded performance is based on in part an event itinerary.

16. (currently amended) The method of claim 12 further comprising an event client providing pertinent information regarding the ~~predetermined~~ future event.

17. (currently amended) The method of claim 12 further comprising providing an event client the recorded performance in a ~~recording~~ media.

18. (currently amended) The method of claim 17 wherein the ~~recording~~ media has a predetermined life span.

19. (original) The method of claim 17 further comprising accepting a security deposit from the event client prior to the step of providing.

20. (currently amended) A virtual DJ system comprising:
means for gathering ~~event-specific~~ client related material associated with ~~the~~ a future predetermined event;
means for producing a recorded performance by complementarily and contemporaneously arranging DJ performance material with the gathered material and ~~event-specific~~ client-related material; ~~and~~
means for storing the recorded performance on media; and
means for playing the recorded performance at the ~~predetermined~~ future event.

21. (currently amended) The virtual DJ system of claim 20 wherein said gathering means includes an Internet web site having an input configured to receive ~~event-specific~~ client related material provided by an event client.

22. (original) The virtual DJ system of claim 20 wherein the playing means includes a computer.

23. (currently amended) A ~~recording~~ media for broadcast at a future predetermined event, material fixed on the media comprises:

a selection of ~~event-specific~~ client related material for the future predetermined event; and

DJ performance materials complementarily and contemporaneously arranged with the ~~event-specific~~ client related material.

24. (currently amended) The ~~recordable~~ recording media of claim 23 wherein the fixed material further ~~comprising~~ comprises a time bomb to prevent use of the ~~recording~~ media after the future predetermined event.
